BASKET BALL

Norway High 31, Bridgton Academy 25
Norway High won their game with Bridgton Academy at North Bridgton, Friday evening. It was a fast, clean contest throughout with both teams closely matched to a finish. Norway had ten fouls called against them, Adams called three from the bunch and lost two while Libby failed on four chances from the line and Wentworth tried once, but lost. Bridgton's fouls proved expensive for them as Descoeaux had a wicked eye for free shooting and spiked five from a possible seven.

True entered the line up as a regular as Dave Klein has quit the game. The new player worked out strong with a disposition to handle the ball fast and feed others when necessary. Barker plugged along the same steady way as a defense which is sometimes hard to jar. Fletcher, Murdoch and Bennett cleaned up six floor baskets. Stone played well and made a good account of himself. Descoeaux had too many trailers on his heels for basket shooting, but caged one from the floor beside slicing the pill to others less carefully guarded.

The trip was a pleasant one and the team report a fine social time with only the best treatment from the Bridgton Academy students and teachers.

Norway High Second 39, B. A. Second 21
The Norway Second was also successful on their trip to North Bridgton, Friday evening, closing up the game with the Academy Second with a score 39 to 21. Merrill, the Norway 1. f. was the high card in the pack, caught nine baskets from the floor and three at the foul line. He did sensational distance shooting that appeared almost uncanny. R. Fletcher, Murdoch and Bennett cleaned up a good harvest in baskets. For Bridgton, when shooting fouls, but was strong from the floor. Packard and Record were also successful with the pill. The game was cleanly played and interesting. Bridgton gave the boys a good time and they have only complimentary things to say about their treatment.

Rev. M. O. Baltzer Called
The adjourned parish meeting of the Second Congregational Church was held Wednesday evening. The meeting was called for the purpose of extending a call to one of the five candidates and it was voted to call Rev. M. O. Baltzer, of Mexico.

The Meaneast Man
At last the meaneast man is definitely located. In the past considerable discussion has been held in the newspapers as to the identity of the meaneast man. He is the fellow who has sugar enough on hand to last his family six months or more and then is first in line to buy two pounds at every store in town and not content with this sends every member of his family to buy all they can.

By so doing he deprives many families from having any at all. But what does he care? If he could hear some of the remarks which are made about him he might hesitate to gain the title of being the meaneast man in town.

He evidently believes in a remark made many years ago by a celebrated railroad magnate, "the public be damned." A Citizen.

ATHERTON'S CLOSING OUT SALE
On Saturday, the Atherton store at Main street, Norway, started their closing out sale of all furniture and home furnishings and it was especially well attended. This, of course, is due to the fact that they have made possible a wonderful opportunity of saving on household goods, the remarkable discount of 25 per cent. being offered on their entire stock. This discount, however, is not permitted on Columbia gramophones and records by contract with the manufacturers of this merchandise.

There is in this store a \$10,000 stock which must be disposed of in a short time. The reason for closing out this store is that they have decided they can give their customers lower prices and better service by doing away with the expense of this branch and serving their patrons from Lewiston.

Goods in this branch are marked at "before-the-war" prices and this discount of 25 per cent, in most instances, brings them down to less than actual cost.

This sale offers an unusual opportunity to everybody who will be interested, in new home furnishings in the near future and they advise selection now as the best values will go first.—Adv.

NEWS FROM THE BOYS IN SERVICE

The following letter is written by Ernest Mattor, son of Victor Mattor of Norway, to his sister.

Somewhere in France.
Jan. 27, 1918.
Dear Ida—Just a few lines to let you know that I got your letter and the box that you and Gene sent me. The presser and jelly got here without breaking and, believe me, they tasted good.

How are you and the rest of the family? I am feeling the best I ever did. I got a letter from home and one from Della the other day and they told me that Della had been sick.

Some of the boys got letters from home to-night and they told about its being 30 below and a lot of snow there. It seems funny because our winter is gone here and there is green grass everywhere.

We had about three inches of snow and it lasted only five or six weeks. I haven't seen Archie for three weeks but he was fine the last time I saw him. I suppose Gene is saving wood this winter. I guess I will make this short for a change. I thank Gene and you very much for the box.

Your brother,
Ernest.

Walked From Mechanic Falls to Norway
Fred Davis, walked from Mechanic Falls to Norway Feb. 18 by the way of Bray Hill which is one mile out of Mechanic Falls. He stopped at the old home of the late Dr. Mabury and made a journey and found that the old mill machine was still there in the home of the old doctor that once saved his life.

He stopped at Page's Mills and viewed the spot where he once lived, the house having long since rotted down and gone. He says he also stopped at the old mill site across the river from the power station where there were mills just above and below the bridge thirty-five years ago. Not an old pulley nor a scrap of iron seems to be left to tell the tale.

Fred says he dined with a man that used to carry him under his arm while he fished the Androscooggin and methopshable people on the way and more than once drank a social cup of tea. He has walked many miles this winter and a ten or twenty mile walk is easy for him.

He says he left Welchville and crossed the prairie in just forty minutes and is glad to be free to walk beneath the blue sky and enjoy the fresh air and sunlight.

Personal Notes from St. Augustine, Fla.
Frank H. Noyes of 244 St. George street, St. Augustine, Florida, has written ten. He also sent post cards, souvenirs and illustrated folios, showing warm weather and sea bathing arrangements for the price of eight quarts of whiskey ordered by Barnes and shipped to him about two years ago. A. J. Stearns was counsel for the plaintiff, E. F. Smith for the defendant.

The defense was that the liquor was intended for illegal sale, and therefore the account was not collectable under the law. Barnes told of disposing of the liquor to two men, who gave him a dollar toward the price, which was all he had ever received.

The jury was out but a short time and returned a verdict for the plaintiff \$11.75.

This case will go to the law court on motion for a new trial.

The criminal docket followed. Joe Bischoff pleaded guilty to an indictment for adultery. His case was continued for sentence. He was placed on probation to report once in two weeks to Chief of Police John Dennis of Rumford.

In several apparent cases the respondents retracted and pleaded guilty, and the cases were continued for sentence: George Mazlauskis, keeping and depositing; Brigidia Matelonis, illegal transportation; Louis Levasseur, who did not appear, bail was defaulted and the sentence of the lower court was affirmed.

The first criminal case tried was that of Simon Logunus of Rumford for illegal transportation. County Attorney Dyer for the state, George H. Hutchins for respondent. This was an instance where Deputy Sheriff Leon M. Small rounded up a Polish auto party on Prospect Avenue, Rumford, and found sixteen pints of whiskey. The usual defense was that the stuff was for personal use and the jury returned a verdict of not guilty.

John Karakus of Rumford was the respondent in the case, which came from the Rumford Falls Municipal Court on Tuesday. County Attorney Dyer represented the state, George H. Hutchins for respondent. This was an instance where Deputy Sheriff Leon M. Small rounded up a Polish auto party on Prospect Avenue, Rumford, and found sixteen pints of whiskey. The usual defense was that the stuff was for personal use and the jury returned a verdict of not guilty.

Karakus is accused in the complaint of loitering around the premises of John Skisfont at 46 River Street, with intoxicating liquor on his person. The accusation is made under a law passed by the last legislature, which provides that "No person shall loiter in or about the streets and highways or in and about any building or place of business in this state with intoxicating liquors about his person."

The case rested on the word "loiter." The court in its charge, discussed the meaning of the word, Judge Bird went from other statutes and the Century Dictionary. The jury within ten minutes returned a verdict of not guilty.

Villa Albert had pleaded guilty to non-support. The case was continued for sentence, and he was told and warned to get out of business in this state with the word of George Brown of Rumford, charged in the indictment with the larceny of forty-one dollars in money from Patrick Curran. County Attorney Dyer for the state, Ralph T. Parker for respondent. He was found guilty and sentenced to three months in the County Jail, where he has been since November waiting for trial.

In the case of Frank Harris, who was arrested at Fryeburg at the time of the fair charged with pocket picking, no indictment was found. Cash bail had been put up for him to the amount of \$400 and this was ordered returned. It was paid to his attorney, Judge Brann of Lewiston.

Thomas Richards, a boy who pleaded guilty to the larceny of a suit of clothes and a shirt, was sentenced to ninety days in the County Jail. He had already been there four or five weeks.

Date Changed for Clerks' Ball

At a special meeting called by the president, Mayford Mann, at the Municipal Court Room Tuesday evening, the Norway Clerks' Association voted to change the date of their annual ball to the last of October. The date will be selected by the executive board.

After some discussion it was decided to make the coming 25th annual ball a Silver Anniversary with arrangements being a fitting proper celebration of that event. The following committee were chosen for the occasion.

Decorating Com.—Chas. S. Akers, chairman, assistants to be appointed by the chairman. Music Com.—Mrs. Bille Akers, George L. Curtis, H. Douglas, Fred. J. McKinnley, Refreshment Com.—Marguerite Frost, Charles Herman Lewis, Myron Farnum, Mrs. Ira Rowell, Harry Kimball.

Badges—Mrs. Bille Akers. Reception—Bernie Wash, chairman. All the lady clerks as assistants.

Floor manager and aids to be selected by the president and secretary from those who have officiated in past years. The secretary-treasurer, Walter Hutchins, reported the receipts from the last ball were over \$102 and a small sum from the net proceeds given to the Red Cross.

Under normal conditions a generous amount would have been realized for this worthy object, but with the worst possible weather conditions the Association were fortunate to meet expenses.

Louise Seavey went to Portland Thursday morning to spend a week with Mr. and Mrs. Carl White.

Harry Rust, W. R. C. No. 45, will hold its regular meeting Thursday evening, in the Woman's Hall. Meeting will be held to order promptly at 7:30 o'clock, and the session will be short, to enable the members to attend the Red Cross party. On account of sickness, the work and the installation of the four officers will be postponed until the first meeting in March.

Sergt. Hobart F. Ames, Co. G 1st Reg. M. M. S. C. Camp Merritt, N. J., formerly of Norway, has been transferred to the Motor Mechanics Regiment. This is the first regiment of the kind organized since the war.

Fred says he dined with a man that used to carry him under his arm while he fished the Androscooggin and methopshable people on the way and more than once drank a social cup of tea. He has walked many miles this winter and a ten or twenty mile walk is easy for him.

He says he left Welchville and crossed the prairie in just forty minutes and is glad to be free to walk beneath the blue sky and enjoy the fresh air and sunlight.

Supreme Judicial Court.
Court adjourned Friday afternoon after a four days session. The first case went to trial Thursday morning which lasted less than an hour. It was a suit brought by the Morse Co. of Cincinnati, O., against Fred G. Barnes of Norway.

The plaintiff company is a liquor concern. Frank has kept an accurate atmospheric temperature for the past 20 days recording it three times in each 24 hours and it averages close up to 70 degrees. February 23, noon reading was 32 and it is marked down.

Cost of board and room is high. Eggs 35 cents per dozen, milk from 15 to 20 cents and potatoes 75 cents per peck. He says you "can buy better oranges and grape fruit in Norway for less money than in Maine."

He paid 7 cents for an apple that was not very good.

Sawing wood, planting potatoes and giving exercise in a moderate way helps in health.

No More Heatless Mondays
All the stores in Norway will be open next Monday as heatless Mondays have been cancelled by the Fuel Commissioner.

Donald E. Partridge has announced that he is a candidate on the Republican ticket for the office of clerk of courts.

W. H. Hills attended the Maine Association of optometrists held at Congress Square hotel in Portland, Monday. He was elected second vice president.

Justin Millett has been packing apples for R. L. Cummings during the past few weeks. Several lots of good quality have been picked up at Lock's Mills, Paris, Minot and other towns along the Grand Trunk. Several hundred barrels are ready for shipments when cars can be procured. Apples kept well during the winter, very few were frozen.

Miss B. A. professor of languages at Pennsylvania State College, son of Mr. and Mrs. Morris Klein, of this town, has been offered a position at Washington, D. C., as censor of foreign mail. A good salary accompanied the offer. He will accept if arrangements can be made to remain at college until April 1.

Howard L. Chick of the Medical Department at Fort McKimley visited his parents, Mr. and Mrs. Charles W. Chick, last day recently.

Lieut. John F. Wilson has been promoted to captain of Company D. He is under General Pershing, doing duty "Somewhere in France." This is his beautiful soldier's last letter to his mother. He was second lieutenant when the company left Norway in June.

Mr. and Mrs. A. J. Stearns were in Augusta a few days this week.

Mrs. Bert Frost has a trained nurse and is most comfortable at this writing.

Winfred Brown began work Monday morning for George Dunn, driving his team.

Mrs. H. S. Wood took dinner in Oxford Sunday, also called on friends in the city.

The Round-a-bout Club, with several additions, were pleasantly entertained Monday evening, at the home of Mrs. Guy S. Tucker, the occasion being the birthday anniversary of Mrs. Martha E. Anderson. There were three tables of progressive whist at play. Jennie P. Baker won the largest number of points, and Mrs. Anderson's ring contained the least number, when scores were counted.

A beautiful collection of money for the Anderson, in honor of the day, and a "speech" was demanded, but Mrs. Anderson was too overcome for words, and one of the other ladies volunteered, in an endeavor to help her out with the words "You can secure expert one of my age, which brought down the house."

number of years ago this club met regularly, but the change of the years, it is only occasionally now, that a meeting is held. As Mrs. Anderson expressed it, "Some of the happiest hours of my life have been spent with the Round-a-bout Club," and Monday evening was no exception to the rule of happy, jolly evenings.

William H. Wheeler, who had retracted his plea to guilty of forgery was sentenced to not less than one year or more than four years in state prison, with a recommendation that it be two years.

Jennie M. Gould from James W. Gould, Ouel and abusive treatment and non-support. Custody of minor child, Marietta Gould given to the libellant.

PLENTY OF PROOF

From People You Know—From Norway Citizens

The greatest skeptic can hardly fail to be convinced by evidence like this. It is impossible to produce better proof of merit than the testimony of residents of Norway, of people who can be seen at any time. Read the following case of it: E. C. Libby, deputy sheriff, Sanborn St., Norway, says: "I had backache a great deal and it was hard to do anything. Not only that but my head ached very often. I noticed little specks before my eyes and my sight blurred. I used various medicines, but it was left for Doan's Kidney Pills to give me lasting results. Since using them, I have had no return of the complaint so I naturally have great confidence in Doan's."

Oxford Grange met Saturday evening. Owing to the absence of Master Hirs, Overseer Fred Gammon filled his office. Business voted to keep the absent soldier boys in good standing. Dennis Martin met with Pamela at Bryant's Pond and invited them to meet with Oxford Grange April 2nd and invitation was accepted.

Lecturer presented the following program: Question, What to your mind is the greatest question that confronts the American citizen today? Answered by roll call. Nearly all thought the war, some considered the fuel problem, the greatest. Question, Does it pay the farmer's wife to can fruit and vegetables for home use? Discussed by Mrs. Hunting, Mrs. Brett, Mrs. Denning, Mrs. Gammon and Mrs. Cary.

Chas. Denning made some pertinent remarks about his method of making hens lay. He said first that hens like warm quarters and that if people would take as good care of their hens as they do of their stock or their own stomachs their hens would produce eggs. Hot mash in morning, dry feed at noon and corn at night with plenty of water and scratch feed for exercise regularly in feeding. He had produced 14,000 eggs from 125 hens for the year 1917. Cash received for eggs and poultry sold, \$577.14. Stock on hand 176.

BIRD SONGS

Bird songs can be imitated on several different instruments, besides the old familiar way of whistling them. The voice can imitate them well, also, as all who have heard the various bird songs sung by soprano can testify. Whistling seems to approach the nearest to imitating these songs by feathered warblers. The violin gives valuable suggestions of bird songs, too. A lecturer on bird songs, Edward Avis, recently showed how Chopin drew his inspiration for many of his pieces from bird songs. In his nocturnes very strong evidence of this is given. The flute comes very near to the bird song in quality. The voice also does this. Perhaps you remember Wordsworth saying:

"Oh, blushing, shall I call you bird, or but a wandering voice?" There is nothing more perfect in the way of imitation of a thrush song than the whistling of it by a practiced bird whistler. It may seem trivial to a school girl or school boy, with his or her head up in the air, over studying geometry or physiology, to find that quite learned people are studying to imitate bird songs. By all means, if you have good whistling powers, do not disdain to learn how to imitate these bird songs, studying the birds in song and in action. It would be a good idea to imitate their songs on the violin, too, and also to note down, when you go to concerts where some of Chopin's pieces are played, to see whether you can detect bird motives in them. Other composers, too, have put bird music in their compositions, but often it is like Beethoven's doing it in the Pastoral Symphony, where he put bird songs bodily into a part of it. Chopin it is claimed, gets the impression of the bird's song into his music, rather than the exact song. Sometimes in orchestral music you will get the impression that birds are calling to one another. So you see that composers have drawn on bird music largely in their music. Of course, you know that the music of brooks and torrents and the crash of the surf has been used largely by some composers in noting down musical sounds in their compositions. An Ocean Symphony having been written, for instance, by a famous composer of modern times.

Catarrh is the result of irritation of the mucous membrane caused by germ infection. Catarrh manifests itself in various ways and requires varied treatment. The remedies below are each best adapted to its particular purpose.

Rexall Mucu-Tone

is a special tonic that strengthens the mucous membranes against catarrh by toning up the delicate tissues so that they are able to resist the attacks of catarrh germs. Taken internally, in conjunction with local treatment, it hastens recovery. Woodstock High School Again Victorious
Woodstock High had little difficulty in defeating the Warriors of Edwardville in the High School Saturday evening in Dudley Opera House, 30-10. The ball was in Woodstock's possession most of the time, but they had hard luck shooting as repeatedly the ball entered the rim only to bound out again. The game was fast and clean throughout. L. Hathaway led with six baskets from the floor, while Perham shot seven consecutive baskets from the foul line. The score:

WAR TIME RECIPES

Prepared by Prof. Frances R. Freeman, home economic director, United States Food Administration, Orono, Me.

Split Pea Soup

Four cups cooked split peas, 2 cups bread crumbs, 1 tablespoon minced parsley, celery or other flavoring, as desired, 1 beaten egg, 1 teaspoon minced onion, salt and pepper to taste. Mix all the ingredients together. If too soft to hold its shape, add more bread crumbs. If too dry, add milk, water or another egg. Form into loaves. Brown in oven.

Boiled Beans and Tomatoes

Three cups cooked navy beans, 1 cup canned tomatoes, 1 tablespoon minced parsley or celery if desired, 2 tablespoons drippings, 1 tablespoon minced onion, salt and pepper to taste. Add tomatoes to beans and boil one-half hour. Cook onions and other seasonings in the drippings, add to the beans.

Bean Potenta

Four cups cooked white beans, 1-2 tablespoons molasses, 1-4 teaspoon mustard, 1-8 teaspoon pepper, 2 teaspoons vinegar. Drain the water from cold boiled beans, mash them fine and mix with other ingredients. Form the mixtures into cakes and brown on both sides in hot greased pan.

Bean Loaf

Two cups cooked beans put through food chopper, two cups soft bread crumbs, one-eighth cup chopped onion, one stalk celery or one-half teaspoonful celery seed, four teaspoonfuls bacon fat, two teaspoonfuls flour, one-half cup water. Mix two tablespoons of fat in a frying pan, and the bread crumbs, stirring well until mixed with fat and add to the ground beans. Cook onion in remaining two tablespoons of fat and add flour and water and boil. Add to mixture and make into a loaf. More bread crumbs may be needed. Bake until nicely browned. Thin slices of bacon placed over top of loaf while baking are an addition. May be served with tomato sauce or bacon gravy.

Dried Pea Soup

One cup dried peas, two quarts cold water, one-half onion, one-eighth teaspoon pepper; three teaspoonfuls of fat, two teaspoonfuls flour, one and one-half teaspoonfuls salt. Small piece fat salt pork.

Soak peas several hours or over night, add water, pork and onion. Simmer several hours until soft and run through colander or sieve. Bind with butter and flour. Add salt, pepper and milk to give desired consistency.

Jungle Stew

One and one-half cup kidney beans, one-half cup rice, one cup tomatoes, one onion, four teaspoonfuls of drippings. Seasoning to taste. Wash and soak beans over night. Cook until tender. Brown sliced onions in frying pan with drippings, add to stew with tomatoes, seasoning and the rice. Cook until rice is well done.

TURMOIL

All the world is in a turmoil.
It's a case of cut and run.
There's no cool in the bunkers
And the cars are off the track.
Old wives wield their magic wand,
Issues his stern decree.
And holds within his joy hand
The harbors of the sea.
The factory whistle's frozen-up.
Its pipes are busted through!
And the bell in the church tower
Hath an ominous silence too.
When restless labor, strikes combine,
Upward the prices soar.
They stir on elevated wires
Like the cash box in a store.
The sugar bowl stands lone and bare,
It hath noavoring power.
The empty barrel has the grouch
And cries in vain for flour.
And Congress is at loggerheads
Though eager for the fight;
Each member thinks the other wrong.
And he alone, is right.
There's Chamberlain, with Roosevelt
Would turn down Wilson's rule,
But the great extract boy
In a backwoods country school.
But it is now, as 'twas of old,
When the procession moves along
The little dogs with water
But the cloud, a silver lining hath.
Although there's wrongs to right,
And so in power of faith and hope
Be strong! exert thy might!
The muddy waters soon will clear
And bring the dark and days.
Still beams the North Star, clear and bright,
Above the mist and haze.
Flaney B. Henley.
Lorell, Me.

USE POP-CORN—THREE WAYS

There is one good American food of which we have an abundance and we can use as much of it as we like—corn. Use all kinds and in many ways. Pop-corn is one of the kindest of foods. It is a good food just simply popped, and can also be made into such a wholesome, inexpensive sweet that it should be widely used. Here is the way to pop it and several ways to use it.

Shall the corn be popped on the cob and pop the dried corn in a covered iron frying-pan or a regular popper, shaking vigorously. If a wire popper is used, do not pop the corn directly over the flame or it will scorch. Shake it quite high over the flames, or better over coals or on the top of the stove. Take just enough corn to cover the bottom of the popper. A cup of pop-corn makes about three quarts when popped.

Pop corn is good, of course, seasoned with salt. A common way of serving is to mix with a very little melted butter and then sprinkle with salt. But have you ever tried it as a breakfast food eaten with milk or cream? It makes a good cereal.

To make a sweet of pop-corn boil together 1 cup of corn sirup and 1 tablespoon of vinegar until a few drops harden in water and pour it over the freshly popped-corn while it is hot. As soon as it is cool enough to handle, grease the hands and form into balls. This amount of sirup covers 3 quarts of pop-corn.

Chocolate pop-corn is delicious. Cook 1 cup of corn sirup for five minutes. Add 2 ounces of chocolate (two squares), and stir until melted. Cook slowly until a soft ball is formed in water. Beat until thick. Have the popped corn in a greased dish. Pour the sirup over it and form into balls when cool enough to handle. This amount covers 1 1/2 quarts of pop-corn.

Farmers' Bulletin 553 tells how to grow pop-corn. Why not have a few rows of pop-corn in your garden next spring?

WE EARN MORE MONEY THAN ANY
OTHER NATION.WE HAVE MORE MONEY INVESTED
THAN ANY OTHER NATION.WE WILL HAVE TO SPEND MORE
THAN ANY OTHER NATION TO
WIN THE WAR AND PROTECT
OUR LIVES AND PROPERTY.

But up to this year we have saved less than any other nation. Our income has been forty billion dollars a year. Our savings have been five billion dollars a year. It is going to cost twenty billion dollars to carry on the war this year. Part of this has already been subscribed in Liberty bonds, part will come from taxes, but by far the largest part must yet be saved.

Cash, Cash, CASH, is what we need. The only way to have it is to work harder and save more. Cash must come before men and munitions. Cash must come before luxury, pleasure, convenience, or even comfort.

Cash is the one big dominant power we must get first to win. And we must win. Let's save our money and put it in the Bank. Let's save four times as much as we have ever saved before. The Banks are rendering a mighty service to the Nation. Without them business would stop tomorrow, pay-rolls would stop, cash would disappear, and every normal habit would be changed.

Don't hoard or hide cash. Cash is never safe until it is in the Bank or safely invested. So Save, Save, SAVE. Put your money in this Bank today and keep on building up, getting interest, growing stronger and preparing for the way to win peace and liberty.

This Bank is a member of the largest banking system in the world, the National Banking System with total resources of \$18,553,000,000.00.

NOW
IS THE TIME

We have a few more high-grade suits left and as we believe in honest advertising we are going to make this statement,—we have not lowered the price on these suits and we cannot; but here is the point:—The price marked on every suit is less than what we have got to give for our new spring suits at wholesale. Bear in mind that there are only a few left and they comprise suits from the house of Kuppenheimer and other high-grade manufacturers.

BELOW CITY PRICES

An order comes from a distance of 70 miles for one of our suits. This man claims that the prices are much less than the same suits sell for in the city stores. He had ought to know for he is around more or less in the city stores such as Portland, Biddeford, Haverhill, Lawrence, Lowell, Boston and other cities. Come in, look them over, we are safe in saying that this will be your last chance to get a suit of known value for such a low figure. Just look them over, ask questions about them and don't buy unless you want to, but come in and look them over.

THE STUDY HOUR

Abraham Lincoln learned to read by the fitful flare of pine knots in the log cabin fireplace. It was a grueling trial for his eyes, and an indication of his indomitable will to succeed. Our young folks don't have to study by a flickering fireplace light. They have the Rayo Lamp that makes hours of study into hours of comfort.

RAYO LAMPS give a soft, mellow light that does not irritate the eyes.

You light a Rayo without removing either chimney or shade. Easy to re-wick and keep clean.

NORTH WATERFORD.

Irvin Green lost a young heifer by its getting hanged in the stall.

Mrs. Isabelle Brown is very low, taking no nourishment since Thursday. The son, Neil Brown of Paris, and daughter, Mrs. Millard Clough of Albany, were here Saturday and went to their homes, Sunday.

The Rebekahs had a five-cent social Wednesday night, the benefits to be sent to Halifax to help the needy there. They had a fish pond, fortune teller and sold popcorn, so got a nice little sum. A very interesting program was given followed by a little dancing.

Several from this place sent to Portland with D. H. Lebroke and got a box of fresh fish.

Leah Hobson has the chicken pox.

Mrs. Henry Plummer, who has been visiting her daughter, Mrs. Morton Hobson, went back to Paris, Friday.

Mrs. Fred Black does not gain very fast. Sylvia Ray has been working there. Now Ruth Nason takes her place.

Winslow Bisbee has gone to Auburn to visit his brother, Earl Bisbee.

Arthur Manning came home from his visit to Youngsville, Pa., for the examination and was accepted.

There was very sharp lightning here Thursday night about 12:30 and some report as hearing about the storm.

Winfield McAllister has been driving the stage to Norway.

Ben Kimball is here on a visit to his mother, Mrs. Fred Black.

Perley Adams got buried in the saw-dust pile and might have suffocated if Otis Cobb had not been there and helped him out of it. It is rather a dangerous place and he isn't the first one that got pinned there. It seems the children ought not to be allowed there after saw-dust.

Ezra Lebroke visited his daughter Mrs. Jesse Littlefield, and her mother, Mrs. Work has begun in Harry Brown's steam mill.

Mrs. Jesse Littlefield has crocheted two nice rugs.

Mrs. Bert Dill took dinner at Mrs. E. J. Paige's one day last week.

School Closed.

The North Waterford schools closed the 16th after a seven week term. The enrollment in the grammar room was 20 with an average attendance of 18.4.

The following were neither absent nor tardy: Gwendolyn E. Lord, Helen B. Lord, Theodore M. Brown, Leon E. Lovejoy, Richard Perkins.

Absent 1-2 day: Lottie M. Sawin, Philip E. Lord.

Not tardy: Dorothy Green, Hazel M. Kimball, Philip K. Lord, Glendon H. Patterson, Guy S. Patterson.

Bisbee town.

Mrs. Newell Andrews and baby visited at S. L. Lebroke's one day last week.

Velma Hobson is taking music lessons of Mrs. Roy Wardwell.

Mr. and Mrs. F. P. Hazelton spent Saturday afternoon at Leslie Hobson's.

Leslie Hobson had the misfortune to lose a pair of young steers this winter. It seems there was a lot of meeting with misfortune by losing some animal this winter of hard times and we, that have lost do not see the funny part as the one did that had it in the Portland Evening Express when your correspondent had a heifer choke to death several weeks ago. I see by the Rowley Corner correspondent they thought they had some thing funny about her item, but it didn't seem that way after they could read her explanation.

Mr. and Mrs. Leslie Hobson and daughter Velma were Sunday guests at George Elliott's and Mr. and Mrs. F. P. Hazelton were guests of her mother, Mrs. E. J. Paige, the same day. Mrs. Paige is gaining slowly. Velma Hobson visited Mrs. Winfred Knight, Saturday.

After March 1st no credit will be given at H. E. Gibson's Grain and Feed Store, Norway. See ad in another column.

Town Meeting Talk

Town meeting time will soon be here and all citizens of this good old town should be giving serious thought to the many difficult problems which will have to be settled at the annual meeting. Undoubtedly the town will be obliged to raise more money than ever before because our country is at war and it is an impossibility to run our schools and other town affairs for the same money as in times of peace. It is a condition which applies not only to Woodstock, but to every town in the state and nation. Times are hard, taxes are high and mounting higher. People are hard pressed, but unfortunately there are not a few of our citizens who are holding our town officials responsible especially our selectmen for many things which were and are entirely beyond their power to help or prevent. From some sections comes the cry, "turn out the selectmen, they are taxing us poor mortals beyond the power of endurance, they are filling their own pockets with the town's money, we must cut off their heads and give them a lesson."

We do not doubt but what our selectmen have made mistakes, they wouldn't be human if they didn't. No doubt some of our farmers may have had their valuation raised more perhaps than they should, no doubt some other farmers are not paying as much tax as they should, but because some mistakes may have been made which we do not believe will prove so very great after all, are we as a town going to take a step backward and deal unfairly with our officials who have tried to do their duty as best they could? This is no time to bring personal bias or prejudices into town affairs. We should come to the meeting with the one idea of doing what is best for our town and country. Let us think these things over and whatever we do at town meeting let us be sure we are doing the square and right thing by our town, our country and our fellow citizens.
